EXPERIENCE

Senior Java Developer
Tata Consultancy Services

📅 Oct 2023 – Ongoing 📍 Esch-Sur-Alzette, Luxembourg

Client: Caceis Investor and Treasury Services, Luxembourg

- Collaborated directly with clients to gather and analyze requirements, to ensure clear understanding of project goals and deliverables
- Analyze ongoing issues and translating business requirements to technical requirements and architecture
- Developed and implemented technical solutions based on client needs, delivering functional and user-focused results
- Worked closely with Infrastructure and DBA teams to setup user acceptance testing environment for existing application
- Upgrade version of legacy application to latest GWT version and deploy on IBM websphere application server

Functional Analyst
Tata Consultancy Services

📅 Oct 2022 – Oct 2023 📍 Noida, India

Client: Proximus PLC, Belgium

- Gathering and eliciting requirements from the clients and transforming business requirements into functional requirements
- Created and maintained detailed and clear technical documentation in confluence
- Analysed inter-dependencies of functional and non-functional requirements
- Created functional solution designs, sequence diagrams and unified modeling language (UML) diagrams
- Supported the stakeholders during their testing phase and analyzed reported issues, identified bugs and change requests
- Defined acceptance criteria together with the business stakeholders
- Collaborated with the developers to deliver the requested requirements
- Participated in the delivery planning calls to review the artifacts and ensure that critical path components have been deployed correctly

Senior Java Developer
Tata Consultancy Services

📅 Feb 2020 – Sept 2022 📍 Noida, India

Client: Apple, U.S.A

- Developed new libraries to call a third party platform to identify detection and mitigation of fraud, waste and abuse

SUMMARY

"Experienced IT professional with around 8 years of expertise in dynamic and competitive environments that foster continuous learning and demand top-tier creativity and innovation where I've taken on diverse responsibilities that have required strong interpersonal skills, strategic thinking, and a collaborative approach to achieve organizational goals. My success is rooted in a blend of technical proficiency, resourcefulness, analytical skills, and an ability to inspire teamwork to deliver effective, fast-paced solutions."

MOST PROUD OF

🏆 **Awarded with ON THE SPOT Award** for receiving excellent feedback in customer satisfaction survey.

🏆 **Awarded with BEST TEAM Award** for providing outstanding customer services and being self-organized as a team.
